will prove the American Florence Nightingale of the Nursery. Of this we are so sure that we will teach our "Susy" to say, "A blessing on Mrs. Winslow" for helping her to survive and escape the griping, colicking, and teething siege. MRS. WINSLOW'S SOOTHING SYRUP relieves the child from pain, and cures dysentery and diar-rhea. It softens the gums, reduces inflammation, cures wind-colle, and carries the infant safety through the teething period. It performs precisely what it professes to perform, every part of it-no-thing loss. We have never seen Mrs. Winsiowknow her only through the preparation of her "Soothing Syrup for Children Testhing." If we had the power we would make her, as she is, a physical savior to the infant race. Sold by all ruggists. Twenty-five cents a bottle.
